

Aanbieding

Dear Friends,

First of all we wish you a *Happy New Year.*

Now, back to business.

Last few years we have had an early-bird-discount. This this year we decided to change things. We like to offer a low(er) price all year long. So the set price for our 'One and only 10 days Dutch experience on two wheels' will be:

€ 1499,- without hiring a motorcycle

Or

€ 2099,- including a motorcycle

More information you will find at our website www.proholland.com

More information,

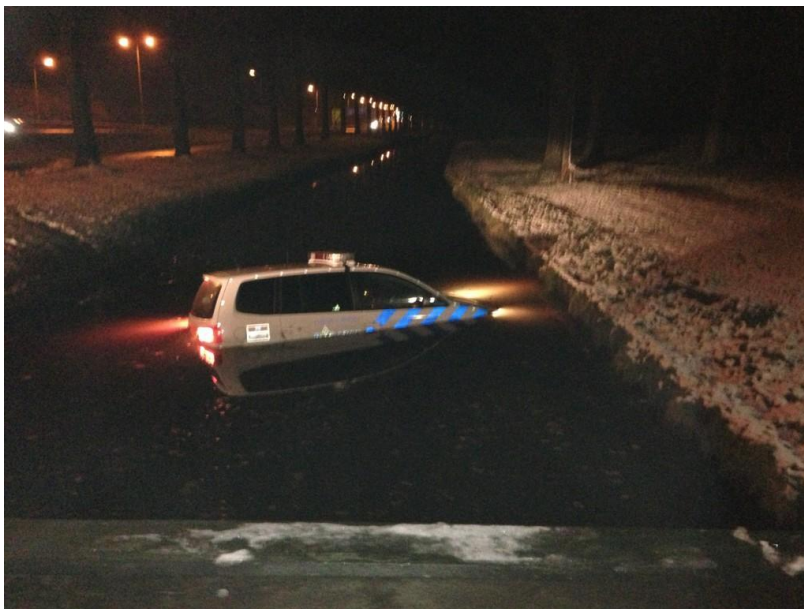

We are busy to update the website. So this time no long newsletter but only this humble suggestion: If you like to know more about a motor vacation or the Netherlands in general please visit us at our website (or even better: visit us in the Netherlands yourself!)

www.proholland.com

Fun part,

In the Netherlands we know the change of seasons. Spring, summer, autumn and winter. Although... the last one is always special for us. Spring, summer and autumn are nothing special. Sometimes rainy, but often very nice weather to be outside. 'Perfect' motorcycle weather: not too hot, sometimes too cold (but during those days we use warm protective suits).

Winter is more difficult for us. The humidity is high and the wind is often strong. Even a few degrees below zero feels like living at the North Pole. Even more difficult: snow. We aren't used to it. Our country isn't covered with white very often and for sure it won't last for weeks. So no time to get used to slippery roads. It results in problems even for the police...

But although driving a motorcycle isn't 'impossible' (too cold and too slippery) there are enough possibilities to have fun with snow (and ice) in case it is there.

We like to wish you a nice week, a great winter and lots of happy moments discussing your next vacation trip.

Have fun!
