

Dear friends,

If you want to experience this ↑ it is still possible!! Next April 26th we will celebrate our very first Kings Day. After many orange coloured Queens Days, always at April 30th, we will celebrate our party a few days earlier at the anniversary day of our new King. We hope to walk together with many tourist through the Vondelpark (down town Amsterdam) to celebrate this very special day. Hope you will be one of them. Proost! (cheers)

Special events

Next to Kings Day we offer many other special days, events and excursions. Be aware: nothing is mandatory! It is up to you whatever you want to do even in case you join our unique guided trip *'the one and only real Dutch motorcycle experience through the Netherlands'*. We only mention the special events. To know more about the excursions you have to visit the website of ProHolland (itinerary or click [here](#))

During the first guided tour starting May 4th it is possible to experience Memorial Day, Liberation Day and our National Windmill Day. The second tour, June 21st, includes a visit to the Dutch MotoGP races if you want to. Also Park Pop the Hague can be visited. Tour number 3, July 12th: 4 Day Marches at Nijmegen and the Summer carnival at Rotterdam. Guided tour four, July 26th: we think this one will be the most crazy tour this year when you decide to visit the Black Cross and the Canal Parade (during gay pride Amsterdam). The next tour, the fifth one August 16th, will be straight forward: no special item will be added unless we receive special requests. During the last tour, trip number 6 August 30th, it is possible to visit the start of the cultural season, which means Amsterdam will be one big party place. It is also possible to go to the World Harbour Days at Rotterdam.

Whats new?

Not too much. This sounds boring but it isn't. Not at all. If it is good, don't change it. In our opinion most things are even better than good. But most of all we believe in our concept: easy traveling, no hurries (or worries), no obligations, not *too* many miles. Extra time for experiences, extra fun and laughter, extra interaction with local people and habits, extra excursions which you could experience if you want to. Still we add two items to the guided tours: camping experience and free drinks*. Sounds great don't you think so?

*. One stop will be at our expenses every day.

Fun part

We came up with a list of 25 most typical Dutch things. From windmills to cosines and from complaining to Delta works. If you join ProHolland motor vacations during your stay in the Netherlands we make sure you

will experience most items on the list. And of course this won't be all we have to offer. Curious? Start reading the list : [lick here](#). The fun starts now (and will be continued whenever you visit the Netherlands).
